

GOING THE EXTRA MILE...

You can make a difference in the lives of those living with HIV/AIDS in Santa Cruz County by raising additional funds to support the important work of SCAP. For over twenty years the Santa Cruz AIDS Project has provided community education, free & anonymous HIV testing and compassionate care for those infected and affected by HIV. This includes financial assistance, psychological support and help with housing and food. Anyone who raises over \$150 will receive a commemorative Surf City Century performance t-shirt.
